

AUTHORS' CONTRIBUTION FORM

Use this form to specify the contribution of each author of your manuscript. For each author of your manuscript, please indicate the types of contributions the author has made. An author may have made more than one type of contribution. Optionally, for each contribution type, you may specify the contribution of an author in more detail by providing a one-sentence statement in which the contribution is summarized. If an author has made a contribution that is not covered by the pre-defined contribution types, then please choose 'Other contribution' and provide a one-sentence statement summarizing the author's contribution.
